Terms of Service

- All calibration will be done/traceable by us or other well known NABL laboratories.
- Rates may vary if range/accuracy/quantity vary and are valid only if full work is given.

Salient Feature of KTS for NABL Calibration: –

- Our Laboratory is NABL Accredited for Pressure, Sound, Humidity and Thermal parameters, RPM, Electro-Technical, Force, Flow, Mass, Volume, Balance, etc.
- Each NABL certificate will accompany measurement uncertainty as per NABL-141.
- We follow Indian/International standards for calibration of instruments and ISO 17025:2017 for calibration requirements.
- Regular recall notice will be sent one month in advance with respect to due date of calibration.

- Prerequisite for Onsite Calibration:

- The customer is requested to take out the instruments and keep ready for calibration or provide 1 or 2 persons to open and fit all your pressure gauges from their actual places. This may require your user/operator for critical requirements/areas or for witness. A clean A/C room with a table for proper workspace and stabilized electric supply points should be provided.
- **Note (*): If there is any issue during mapping by us** after our sensor logging starts and sensors are placed in the equipment for mapping, and data is not taken or properly read, we will be responsible for the same **and no charge will be applied. If any issue occurs from your company**, such as power not being maintained as per condition, or any technical issue with your equipment or its environmental conditions not being maintained or failing, we will not be responsible, **and charges will be applied.**
- Rest of the all standard Terms and Conditions as mentioned below are applicable.

Terms & Conditions: -

- GST 18% will be added for particular work of items. KTS GST No.: 24ABBFK2634C1ZX & HSN code: 998346
- Rate only for calibration purpose. For repair/servicing, it will be charged extra.
- Work Order should be in the name of “Kesar Testing Service LLP”.
- **Payment:** 100% against invoice and certificate submitted & Cheque in favor of 'Kesar Testing Service LLP'.
- **Packing:** While sending, the instruments must be cleaned and well packed. If the instrument is to be sent by courier, it will be sent in the same packing, which was received, from the customer.
- **Delivery:** Duly calibrated instruments can be collected by you in three working days. (If the instruments are to be dispatched by us through courier, then the courier charges will be paid by the customer.)
- **Calibration Frequency:** Recommended calibration due date will be incorporated subject to pre-requisition from customer as per ISO 17025 (Maximum one year). If calibration frequency is not specified by the customer, then we will not mention “Calibration Due Date” in the certificate.
- **Insurance:** We will not be responsible for damage or loss of item during calibration or during transit irrespective of all care that can be taken. Transit insurance will be provided by customers.
